

ABSTRACT

ADAPTATION AND APPLICABILITY OF THE EUROPEAN UNION COMMON AGRICULTURAL POLICY TO TURKEY IN PROCESS OF NEGOTIATIONS WITH EUROPEAN UNION.

The purpose of this study is to reveal the complications in Common Agricultural Policy that Turkey come across during the period , the legislation and implementation errors and to demonstrate the necessity of Common Agricultural Policy to arrange these problems within The Agriculture Negotiations. In this study we see how European Union become an exporter of food instead of being an importer.

In The Agriculture Negotiations, the most important difficulty is the adaptation to the Common Agricultural Policy. CAP, for being the first and supported with the biggest budget policy of European Union, EU forbear to accept Turkey to the community.

Turkey needs a stable agriculture policy in any case. It is necessary to make an attempt for the management of agriculture policies under one unit like the independency of Central Bank for inflation targeting.

As it mentioned, although it has some defects, at the present day The Turkish Agricultural Sector require CAP.

Key words : European Union (EU), Common Agricultural Policy (CAP), Adaptation of Common Agricultural Policy to Turkey, The Comparison of The Agriculture of EU and Turkey, Turkey Agriculture
