TITLE: DECORATION DEVELOPMENT OF ORIENTALIZAN ERA CERAMICS

ABSTRACT

In this study within the Orientalizan Era ceramics (750-600 B.C.) while fill in motives and botanical decorations were examining the most important ceramic workshop centers Corinth and Attica's decorations compared and their evolution process analyzed. Because orientalizan era is so wide this research focused on two centers. Protocorinth and Protoattic ceramics interpreted by comparing with the other centers as a whole.
