

SUMMARY

The Woman in History of the Aydın (1923-1996)

The purpose of this study is to reveal the changes those have lived in social and economical fields in Aydın between the period 1923-1996 through women. Due to this purpose, firstly the legal arrangements those are realized through the Republic's modernizm ideology have searched in Aydın, and then it is discussed by the local newspapers that how the Aydın women have perceived and reflected those changes in their lives.

On the second step of the study, the period that the the political system of Turkey has been changed, after 1946 and the new statue of the woman that has been created by this new period, have both discussed generally. The effects of the changes, those are lived after 1946 over the whole country, on Aydın and on Aydın women's social statue , has discussed by the mediation of the local newspaper; SES, by taking the social, educational and political sides into consideration. These news are discussed by the support of the local official annuals, govermental statistics and local sources. By this way, the changes those have begun after the foundation of the Republic, in Aydın's women lives by the press.
